Dear Mr. Fuqua,

This responds to your Freedom of Information Act (FOIA) request filed June 19, 2018, for a copy of records that contain correlated sets of data concerning fuel/oil requests and each request's delivery times for the following locations and dates:

Puerto Rico:	6 September 2017 – present,
Haiti:	12 January 2010 – 1 January 2013,
Japan:	11 March 2011 – 1 January 2012,
Louisiana:	29 August 2005 – 1 January 2007, and
Thailand:	26 December 2004 – 1 January 2007.

DLA Energy was able to compile sets of correlated data for most of the countries. Those countries on which data no longer exists are Haiti and Thailand. A copy of the dataset we have is being released to you in full and is being provided to you separately from this letter.

Per DLA's grant of a fee waiver, your request was processed without charge.

You have the right to right to seek dispute resolution services from the DLA FOIA Public Liaison (Mr. Lewis Oleinick, lewis.oleinick@dla.mil) or the Office of Government Information Services (an office within the National Archives and Records Administration, ogis@nara.gov). Please note that mediation is a voluntary process.

In future correspondence, please refer to FOIA request DLA-Energy-2018-004226.

Sincerely,

Robert M. Silber
